THE GEORGIA SHERIFFS' ANNUAL DIRECTORY is published by the Georgia Sheriffs' Association, a non-profit corporation. Information regarding programs and services of the Georgia Sheriffs' Association and the Georgia Sheriffs' Youth Homes is available on our website at [www.georgiasheriffs.org](http://www.georgiasheriffs.org).

# Georgia Sheriffs' Association

Since its beginning in 1954, the ***Georgia Sheriffs' Association*** has engaged in various activities and provided many services:

- Annual training events for Georgia sheriffs and related personnel.
- Advocacy at the Georgia General Assembly for tough crime control measures and laws that promote professionalism and enhanced effectiveness of your Office of Sheriff.
- Sponsor of the Georgia Sheriffs' Youth Homes, which provides full-time residential care for abused, abandoned, and neglected children in the state.

Membership in the Georgia Sheriffs' Association is comprised of Georgia's 159 elected sheriffs. The Georgia Sheriffs' Association also relies on the financial support of nearly 50,000 Honorary Members who believe in the Office of Sheriff and its mission to preserve the peace in our communities.

***The Georgia Sheriffs' Youth Homes*** was established to give our state's most at-risk children the love, safety, and stability needed to become mature, successful adults.

During the late 1950's, Georgia sheriffs became increasingly concerned about the growing number of abandoned, neglected, and abused children. They understood it was vital, not just for the children but for our state, to give these disadvantaged youth a chance to grow up in a loving and secure home environment.

In 1960, the sheriffs opened the Georgia Sheriffs' Boys Ranch near Hahira, where children learned:

- How to overcome adversity
- Teamwork and accepting authority
- Personal responsibility
- Hygiene and manners

The children learned strong moral values and spiritual awareness, how to participate positively in a community, and the ability to trust themselves and one another. Over the years, four additional homes have opened across the state for both boys and girls, providing thousands of disadvantaged youth the opportunity to live stable, positive lives in full-time residential facilities.

Both organizations, the ***Georgia Sheriffs' Association*** and the ***Georgia Sheriffs' Youth Homes***, are governed by a Board of Directors who oversee the operations and programs of each. It is the mission of our organizations to promote public safety for the current and future citizens of the state of Georgia.

# Georgia Sheriffs' Youth Homes

## *Mission*

The mission of Georgia Sheriffs' Youth Homes is to provide safe, loving residential care for abandoned, neglected and abused children.

## *Our Story*

In the late 1950's the sheriffs of Georgia became concerned about the growing problem of neglected, abused and abandoned children. Early in the 1960's, in response to this problem, the first campus sponsored by the sheriffs opened in Lowndes County. In 1979 that location, Georgia Sheriffs' Boys Ranch, merged with Cherokee Boys Estate, located in Whitfield County, and they became Georgia Sheriffs' Youth Homes. A third campus with an adjoining camp opened in Troup County, followed by our fourth campus in Emanuel County. Our fifth campus opened in 2006 in Murray County. Annually, the Georgia Sheriffs' Youth Homes now serves more than one hundred children in residential care, and several hundred children participate in its camping program.

Georgia Sheriffs' Youth Homes gives children who are victims of physical and emotional neglect, physical and sexual abuse, and disrupted families the chance to live a life full of love, support and opportunity in a full-time residential setting. Each child lives in a home with Houseparents where they eat, play, and learn as a family. Education, recreation, and life skills training are essential components of our program.

Each child that arrives on our campuses is recognized as a unique individual who has experienced different challenges that need special attention. The staff of Youth Homes opens their hearts and arms to these children to free them from the uncertainties and stresses that separated them from their families. We provide counseling, teach life skills, and encourage the children to engage in school activities. Every Youth Homes child is offered the opportunity to attend college or technical school once they graduate from high school. They continue to receive nurturing support until their education is complete and they begin lives on their own.

At Georgia Sheriffs' Youth Homes, each child we assist in their journey to adulthood is a success story. We have served thousands of children for over 60 years. Youth Homes' alumni include doctors, military officers, teachers, and counselors, as well as successful business men and women.

Since our primary source of revenue is contributions, these stories of success would not be possible without the generous support of the sheriffs and the people of Georgia. Many volunteers give countless hours each year to hold fundraising events on our behalf. Their enthusiasm and joy in working with our program is a blessing to all.

If you are one of those generous contributors, we say thank you! If you are not, please consider a contribution in any amount. Each gift, no matter the size, is important and appreciated.

If you would like more information about our program, please visit our website at [www.georgiasheriffsyouth.org](http://www.georgiasheriffsyouth.org) or on Facebook.

# GEORGIA SHERIFFS' ASSOCIATION

The Office of Sheriff in Georgia is unlike all other local, state, and Federal law enforcement agencies. The Office is established in the Constitution of the State of Georgia and possesses greater authority than others as result of its many and varied duties mandated under state law. Recognizing the unique mandates of the Office, the Georgia Sheriffs' Association was established in 1954 to help ensure elected sheriffs understood the scope of these critically important responsibilities and were better able to protect their communities while complying with state-imposed responsibilities. Further, the Association aimed to promote the integrity, professionalism, and effectiveness of the Office by encouraging the enactment of statutes which placed greater emphasis on elevating qualification requirements for those seeking the Office. In addition, through the Association the sheriffs actively worked to make sure that sitting sheriffs who violated the law or their oath could be suspended or removed from office.

Over the past 70 years, Georgia's population has exploded to our nation's 5th most populous state with over 11.1 million people. During this time, the sheriffs' statutorily mandated services have increased exponentially. Sheriffs are the chief law enforcement officers in each of Georgia's 159 counties, they are officers of the Superior Court and the jailers in each county. With the significant challenges of these critically important roles, sheriffs' offices are also required to register and monitor all sex offenders residing in their counties, transport individuals involuntarily committed for mental evaluations, transport adult and juvenile offenders to court, apprehend fugitives from justice, execute arrest and search warrants, serve civil papers, remove and charge squatters, register metal recyclers, register private process servers, and perform many more public safety functions. The Georgia Sheriffs' Association of today convenes seven training conferences annually to meet the needs of our elected sheriffs and their deputy sheriffs, jailers, and administrative employees so that they might better comply with the significant complexities of the many and varied mandated services.

The Georgia Sheriffs' Association is a 501(c)(3) non-profit organization governed by a Board of Directors comprised of elected sheriffs. The Association is also the primary sponsor of the Georgia Sheriffs' Youth Homes, Inc. which for more than 60 years has provided a safe and wholesome home for thousands of Georgia's abused, abandoned, and neglected children.
